THE UNIVERSAL CAR

Have been built and actually delivered to retail buyers since August 1, 1916. These figures—320,817—represent the actual number of cars manufactured by us since August 1st, 1916, and delivered by our agents to retail buyers. This unusual fall and winter demand for FORD cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales.

We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing FORD cars. If, therefore, you are planning to purchase a FORD car, we advise you to place your order and take delivery now.

IMMEDIATE ORDERS WILL HAVE PROMPT ATTENTION.

Delay in buying at this time may cause you to wait several months.

Enter your order to-day for immediate delivery with our authorized FORD agent listed below and don't be disappointed later on.

DELCO-LIGHT

ELECTRICITY FOR EVERY FARM

DELCO-LIGHT MAKES ELECTRICITY UNIVERSAL

For the first time electric light and power are available to anyone—anywhere.

Heretofore, the benefits of electricity have been confined to those who live in the larger towns and cities.

Now Delco-Light makes electric current universally available.

Delco-Light is today furnishing thousands of farm-houses with brilliant, convenient, safe and economical light.

It is furnishing power to operate pumps, washing machines, churns, cream separators, milking machines, vacuum cleaners, etc.

It is lighting country churches, stores and public halls.

It is furnishing light and power to summer homes and camps, to houseboats and yachts, etc.

It is lighting rural railway stations and construction camps.

It is lighting the camps of United States troops on the Mexican border and it is disclosing heretofore undreamed-of beauties in the depths of Mammoth Cave, Kentucky.

Altogether, over 15,000 Delco-Light plants are in operation, and Delco-Light offices are to be found in almost every part of the world.

Delco-Light is a complete electric plant—the engine and dynamo in one compact unit combined with a set of specially built and wonderfully efficient batteries for the storing of current. The plant is so simple a child can care for it, and so economical that it actually pays for itself in time and labor saved. It operates on either kerosene, gasoline or natural gas.

Price with standard size batteries.....\$275.00
Price with large size batteries.....\$325.00
